IEC TR 61641 Arc Flash test. IEC 61439 does not describe the internal arc, but IEC TR 61641 does. Version 2.0 of 61641 is a technical report, not a product ... it can be used by electrical and electronics engineers. IEC 61641-2 was published in 2006. It contains specifications for the installation, installation, start-up, operation and maintenance of devices that can cause an internal arc. IEC 61641-2 also contains requirements for environmental conditions that may affect the design of devices. IEC 61641-2 deals with external arcing and is intended to apply to devices that can cause external arcing.
