## Detail Preserving Upscale In After Effects CC

August 11, 2021 - If you can't find the window, you'll have to enable it under Window, Effects and effects." Presets. Now find the effect and double click... â†' Instance â†' Embed Window. You will see a window that automatically appears when you click on the "Window" item in the panel. Click on it. You will see that the window is pasted into the Window section. Now you have to click on "Effects and Effects" in the "Window" section and it will appear in the same place as the first one. You can do this by double clicking on it. At this point, you need to make sure that you can see the window, and that when you click on it, it disappears.
